“EL COMEDOR”

WHERE CLASSIC MEETS MODERN

The Dining Room presents itself as a space that is a mixture of Catalan "Modernism", French "Art nouveau" and Middle Eastern particularity with high ceilings and decoration that evokes bucolic forms creating an elegant and sophisticated atmosphere.

Located on the main floor of the Restaurant the space has a capacity for 70 guests seated and 100 standing.

It is equipped with a bar to serve cocktails and drinks, an independent sound system and mixing desk with DJ depending on your requirements.

THE DINNER CLUB

DINE TO THE RHYTHM OF EMERGING
AND INTERNATIONAL ARTISTS

Located on the lower floor, dinner and live music fuse together with Arabian shapes and exoticism in a space which we created to serve up to 45 people for seated dinner.

We have a selection of national and international artists from different musical genres: flamenco, blues, rock classics, soul & pop, funky jazz, r&b and afrosoul. We can provide a DJ service with the style of music that you prefer after your dinner.

PRIVATE CLUB

WHERE THE VIBRATING NIGHT CONCLUDES

Dance to the rhythm of one of the best sound systems in the country with a capacity for 85 guests standing.

The private club has 13 tables with VIP service and furniture for your comfort as well as an independent bar offering drinks and cocktails.

The backlit panels of the space create fantasy light effects immersing you into an unforgettable night experience. Enjoy the musical style characterizing us by the hands of our resident DJs or request the genre you like best and we will make it possible.

CHAMPAGNE BAR

WHERE REVERIE AND REALITY MEET

The most alluring, desirable and unexpected space awaits you on the top floor through a clandestine entrance. Surrounded by flowers and fantasies you will be able to enjoy our exclusive signature cocktails alongside an extensive selection of Champagne in an elusive environment with capacity for 26 guests seated and 30 guests standing.

We have an independent sound system from where background music will play upon request.
